CAUSE NO: FSD 188 OF 2021 ()

IN THE MATTER OF THE COMPANIES ACT (2021 REVISION)

AND IN THE MATTER OF INCOME COLLECTING 1-3 MONTHS T-BILLS MUTUAL
FUND (IN VOLUNTARY LIQUIDATION)

Grand Court

PETITION

This humble petition of Russell S. Homer and Karen Scott of Chris Johnson Associates Ltd., of PO Box 2499, 80 Shedden Road, Elizabethan Square, George Town, Grand Cayman KY1-1104, Cayman Islands (the “**Petitioners**”), acting in their capacity as the joint voluntary liquidators (the “**JVLs**”) of Income Collecting 1-3 Months T-Bills Mutual Fund (In Voluntary Liquidation) (the “**Company**” or the “**Fund**”), shows that:

Preamble

1. The purpose of this Petition is that the voluntary winding up of the Company be made subject to the supervision of the Court pursuant to section 131 of the Companies Act (2021 Revision) (the “**Companies Act**”) on the grounds that the Company is insolvent or likely to become insolvent, and that the supervision of the Court will facilitate a more effective, economic, and expeditious liquidation of the Company in the interests of contributories and creditors.

Background to the Company

2. The Company was incorporated in the Cayman Islands on 6 February 2017 with the purpose to operate as a mutual fund under the laws of the Cayman Islands. The registration number of the Company issued by the Registrar of Companies (“**ROC**”) is 319456.
3. The former registered office of the Company was at Corporate Management Solutions (Cayman) Ltd., One Capital Place, 3rd Floor, 130 Shedden Road, PO Box 799, Grand Cayman, KY1-1103.
4. The amended memorandum and articles of association of the Company dated 3 August 2020 (the “**Articles**”) show that (i) the objects for which the Company was established are unrestricted; (ii) the Company has full power and authority to exercise all the functions of a natural person of full capacity; and (iii) the authorised share capital of the Company is US\$50,000 divided into 100 management shares with a par value of US\$0.01 (the “**Management Shares**”) and 4,999,900 participating shares with a par value of US\$0.01 which may be issued in different classes (the “**Participating Shares**”).
5. The Company’s current directors are Boisy Roberts and Trevor Liburd (the “**Directors**”).
6. The Company’s Management Shares (voting) are held by NY Alaska ETF Management LP, a limited liability company duly incorporated in the Bahamas (the “**Sole Shareholder**”).
7. In accordance with the Company’s Register of Members, 10,000 Participating Shares (non-voting) are issued to T-Bill Securities LLC, a limited liability company, incorporated in Nevada, USA.

8. The Company had previously advised the JVLs that the ‘only shareholder’ was Mosaic Financial Services Ltd. (“**Mosaic**”), a company registered with the Securities Commission of The Bahamas. However, Mosaic is not included on the Company’s Register of Members.
9. Recent communications from the Company’s US legal counsel, Reid & Wise LLP, to Mosaic’s US legal counsel, stated that the Company was unable to effect the redemption request submitted by Mosaic until such time as Mosaic could comply with due diligence AML requests. The Company also provided alternative redemption proposals by way of ‘in kind’ settlements and instalment payments from the Company’s future income.
10. The Prospectus for the Company describes its structure, investment strategy, investments, anticipated returns, and the methods for purchasing and redeeming shares. The Prospectus describes its investment objective as “*seeking current income consistent with the preservation of capital and daily liquidity*”.
11. The Prospectus represents that the Fund would invest primarily in U.S. Treasuries with remaining maturities of one to three months. In the description of the fund’s “Principal investment Strategies”, the Prospectus discloses, in relevant part, that:

“the Fund invests its net assets primarily (exclusive of collateral with respect to securities lending and reverse repurchase agreement transactions) in U.S. Treasury securities, which include bills, notes, and bonds issued by the U.S. Treasury.”
12. The Fund consisted of multiple share classes listed on the NASDAQ market headquartered in New York, using NASDAQ symbols; “BILLX”, “GOVAX”, GOVBX”, “GOVDX”, GOVTX” and “USABX”. As at the date of this Petition, the JVLs understand that all share classes in the Fund other than GOVBX have been redeemed.

Litigation by the Securities Exchange Commission

13. On 16 June 2021, the Securities and Exchange Commission (“SEC”) in the United States filed an emergency *ex parte* application for an asset freeze and other equitable relief against the Company (and others) (the “Freezing Application”) in the United States District Court (Southern District of New York) (the “USDC”). The Freezing Application was supported by a Complaint filed 18 June 2021 (the “SEC Complaint”) in which the SEC alleges that:

“From at least March 2018 to the present, Defendants Ofer Abarbanel and Victor Chilelli, and the Income Collecting 1-3 Months T-Bills Mutual Fund that they formed and which Abarbanel controls, have engaged in a fraudulent investment scheme to deceive investors in the Fund....During the course of their scheme, Abarbanel, Chilelli, and the Fund have depleted, dissipated, and misappropriated investor funds deposited in the Fund through a fraudulent course of conduct that includes the creation of nominee shell companies, the diversion of funds to these shell companies in uncollateralized loan transactions that violate the requirements of the Fund prospectus, and the submission of false or misleading statements of material facts to investors to disguise their misconduct....Most recently, Abarbanel and the Fund have refused to honor the redemption demands of the largest group of investors (“Investor Group A”) of approximately \$106 million they invested with the Fund, in violation of the Fund’s Prospectus. Instead, the Defendants have misappropriated and dissipated Investor Group A’s assets, including in June 4, 2021, by transferring \$64 million of Investor Group A’s deposits into a brokerage account from which no redemptions may be drawn, and from which these assets are subject to further dissipation and misappropriation.”

14. The SEC Complaint charges that the Company, and those alleged to have been in actual control of the Company (not being the Directors), with violating the antifraud provisions of the federal securities laws in the United States, and seeks permanent injunctions, disgorgement with

prejudgment interest, civil penalties, and permanent bars against participating in future securities offerings.

15. On 21 June 2021, the USDC made an order freezing all of the Company's assets within the United States (according to press releases issued by the SEC) (the "**Freezing Order**"). At the time of this Petition, the JVLs have been unable to obtain a copy of the Freezing Order.

Voluntary Liquidation

16. On 22 June 2021 (the "**Commencement Date**"), the Company was placed into voluntary liquidation pursuant to a written special resolution passed by the Sole Shareholder pursuant to section 116(c) of the Companies Act (the "**Shareholder Resolution**"). The Shareholder Resolution stated that the shareholder of the Company had decided that "*it is appropriate having regard to all of the circumstances to wind up the Company's affairs.*"
17. The Shareholder Resolution also appointed Russell S. Homer and Karen Scott as joint voluntary liquidators, with the power to act jointly and severally.
18. At the Commencement Date, the Directors were the only directors of the Company.
19. In compliance with the Companies Winding Up Rules, 2018 ("**CWR**"), O.13 and section 123 of the Companies Act the following documents were filed with the Cayman Islands Registrar of Companies on 22 June 2021:
- a. The Notice of Voluntary Winding Up of the Company signed by the JVLs stating that:
 - i. The Company was put into liquidation on 22 June 2021 by special resolution passed at an extraordinary meeting of the Company (by the Sole Shareholder of the Company) on 22 June 2021; and
 - ii. Russell Homer and Karen Scott of Chris Johnson Associates Ltd., have been appointed as JVLs of the Company; and

b. The Voluntary Liquidators Consent to Act signed by the JVLs on 22 June 2021.

20. The JVLs have arranged the publication of a notice of the voluntary winding up in the Cayman Islands Gazette.

Insolvency of the Company

21. On 22 June 2021, the Directors executed a declaration of solvency confirming that the Company will be able to pay its debts in full, together with interest at the prescribed rate within a period of twelve (12) months from the commencement of the winding up (the “DoS”).

22. Despite the execution of the DoS, the Petitioners consider the Company to be insolvent or of doubtful solvency due to its current cash position and because the Directors’ assessment of the solvency of the Company does not appear to consider the Freezing Order, the SEC Complaint, nor any contingent liabilities likely to arise out of same.

23. The Petitioners understand (from the SEC Complaint) that the Company has (known) general liabilities of US\$106,000,000 representing outstanding redemption requests by its remaining investors. The Directors understand that the Company is likely to have additional liabilities, however, the quantum and identity of said liabilities is not currently known.

24. According to the SEC Complaint, while the Company claims to hold assets totalling US\$114,800,000, the SEC’s own investigations have revealed that the Company is likely to only hold assets totalling US\$88,000,000. If the SEC is correct in its assessment as to the assets held by the Company, they will be insufficient to discharge the liabilities of the Company, and accordingly, the Company is insolvent or likely to become insolvent on a balance sheet basis.

25. However, in light of the Freezing Order granted by the USDC, it is the JVLs’ joint opinion that the Company is unable to meet its debts as and when they fall due as a result of not being able

to access its assets (whatever they may be), and is therefore insolvent or likely to be insolvent on a cash flow basis.

Conduct of the Voluntary Liquidation

26. Since the Commencement Date, the JVLs have taken the following steps/actions:

- a. Complied with the statutory notification of the voluntary liquidation appointment to the ROC and the Cayman Islands Monetary Authority (“CIMA”);
- b. Notified the Directors of their duties post-liquidation, including their duties to retain the Company’s books and records;
- c. Made numerous efforts to communicate with one of the directors and the Fund Administrator to ascertain bank account details;
- d. Collected in books and records, including the current management accounts where available;
- e. Met with CIMA to provide them with an update on the status of the liquidation, to discuss the circumstances surrounding the Company, to discuss future steps in the liquidation and to be advised by CIMA that they agree with the JVLs determination that the Company’s liquidation should be brought under the supervision of the Court on an urgent basis;
- f. Retained Cayman legal counsel to address this Petition;
- g. Communicated with all known service providers to advise of the JVLs’ appointment;
- h. Communicated with all known service providers to request the Company’s books and records; and
- i. Examined the financial information and documentation the JVLs have received.

Requirement for supervision of the Court

27. It is the Petitioners' view that the voluntary winding up of the Company should be made subject to the supervision of the Grand Court of the Cayman Islands ("**Court**") because the Company is or is likely to become insolvent due to its current cash position and because of the Freezing Order and/or the SEC Litigation.
28. Further, the Petitioners consider that the supervision of the Court will facilitate a more effective, economic and expeditious liquidation of the Company in the interests of the contributories and creditors for the following reasons:
- a. There is a real need for an investigation (pursuant to a supervised liquidation) into the affairs of the Company, including the reasons for the very significant losses sustained on the investments in the Company and the actions of Mr. Ofer Abarbanel and Mr. Victor Chilelli;
 - b. The web of investments made by the Company, coupled with the current legal proceedings against the Company could lead to contentious issues arising during the course of the voluntary liquidation which will require the exercise of powers afforded to official liquidators, and of this Court, to adjudicate and determine any such issues;
 - c. A Court supervised liquidation would afford the JVLs statutory power to apply to the Court for an order to examine any relevant person for the purpose of investigating the Company's affairs and to require directors and officers of the company and its professional service providers to submit a statement, verified by affidavit, dealing with prescribed matters;
 - d. As a result of the SEC Complaint, the Company may need to seek the Court's intervention to restrain potential foreign proceedings, all of which are aimed at the orderly liquidation of the Company within the Cayman Islands and resolve any disputes in a single forum, in the best interests of the Company and its stakeholders;

- e. Given the size and complexity of the liquidation, the JVLs consider it likely that CIMA will be more comfortable that the Company's liquidation be brought under the supervision of the Court;
 - f. The JVLs may need to seek Chapter 15 recognition in the United States and make an application in the United States for the stay of proceedings in respect of the present and potential future litigation proceedings to further ensure the economical and orderly liquidation of the Company;
 - g. As at the date of this petition, the Petitioners have not received any communication from creditors or shareholders which gives the Petitioners reason to believe that any creditor or shareholder objects to the appointment of the Petitioners as JOLs of the Company;
 - h. The investigations into the Company will need to take place in any event and the supervision of the Court will benefit those investigations;
 - i. Knowledge in the outside world of the independence of the Court supervised liquidation will itself assist the JVLs' enquiries of and dealings with service providers, directors, officers, CIMA, SEC, shareholders, and other stakeholders, thereby rendering the liquidation that more effective; and
 - j. Given the size and complexity of the liquidation, and having met with the JVLs, CIMA confirms it supports the JVLs' application for the Company's liquidation to be brought under the supervision of the Court on an urgent basis.
29. For the reasons set out immediately above, the supervision of the Court will facilitate a more effective, economic and expeditious liquidation of the Company in the interests of the contributories and creditors.

Consent to Appointment and Qualifications as Joint Official Liquidators

30. Russell S. Homer and Karen Scott:

- a. are qualified insolvency practitioners (as defined under section 89 of the Companies Act) and in accordance with Regulation 4 of the Insolvency Practitioners Regulations (as amended) (the “**Regulations**”);
